

# WHY AN EWAC MEDICAL MODULAR POOL GETS YOU MOVING

## POOLTRACK®

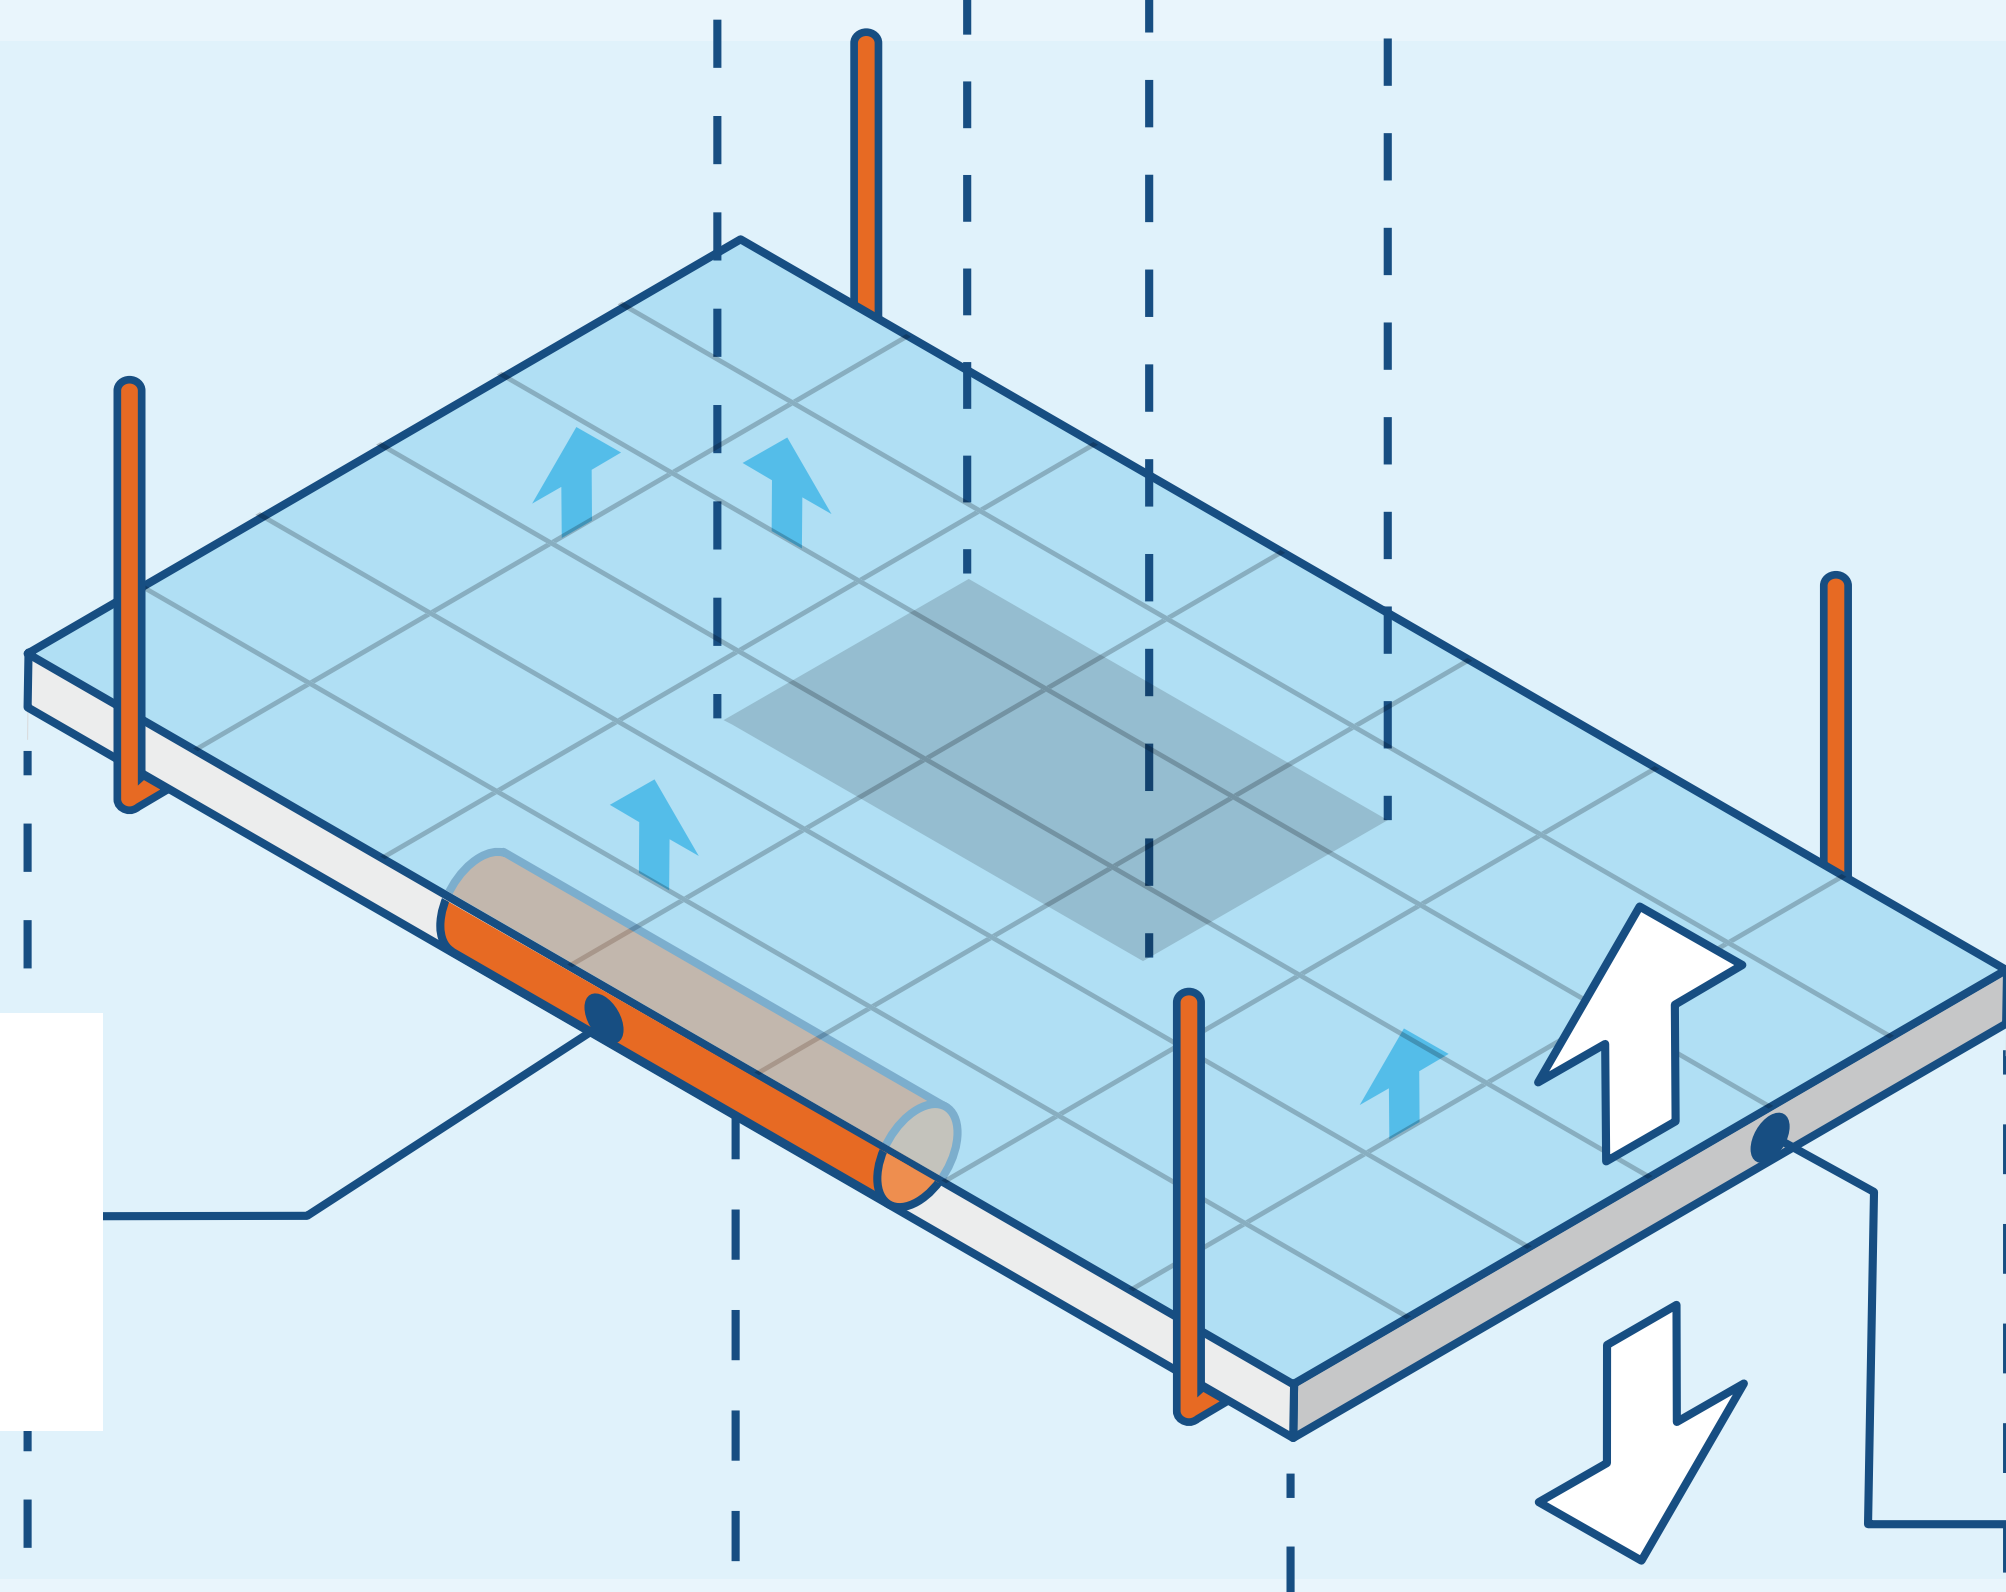

Underwater Treadmill

## POOLTRACK® UNDERWATER TREADMILL

- Perform stationary walking exercises
- Study gait and walking pattern with camera's
- For rehabilitation, physical training or weight loss
- Safe 17V AC drive system
- Speeds from 0,2 to 11 km/h
- Control through touch screen interface or remote
- Use the same space for other purposes when not in use

## ADJUSTABLE FLOOR

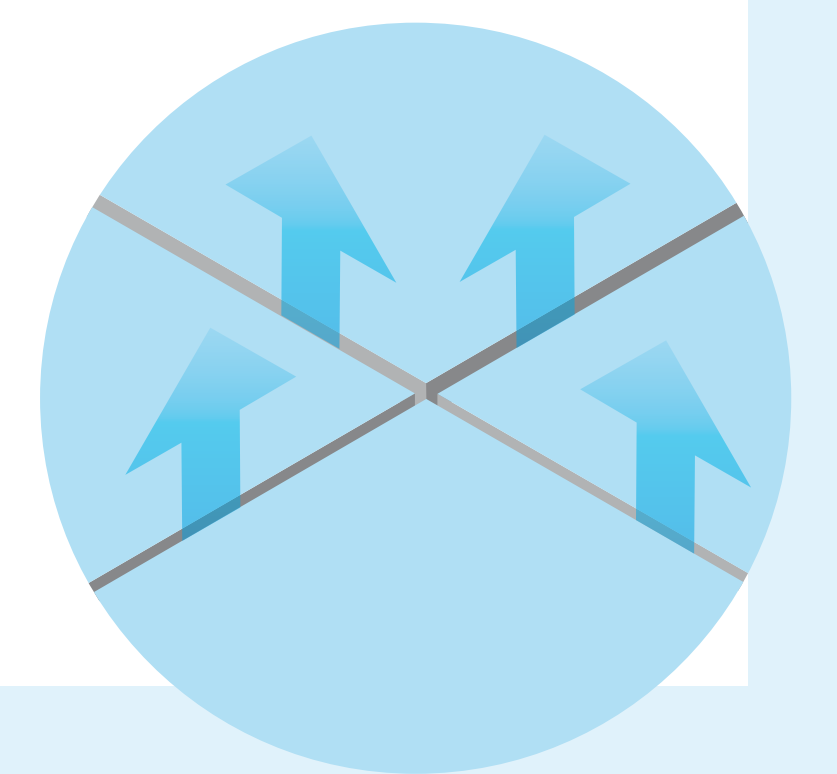

## WATER HYDRAULICS

Water hydraulic cylinder means zero risk of contamination with toxic fluids

## WATER PERMEABLE SURFACE

Pool water can move through the surface undisturbed, because of openings between the tiles. Therefore:

- Optimal water hygiene!!
- Undisturbed water circulation.
- The floor moves faster through the water.

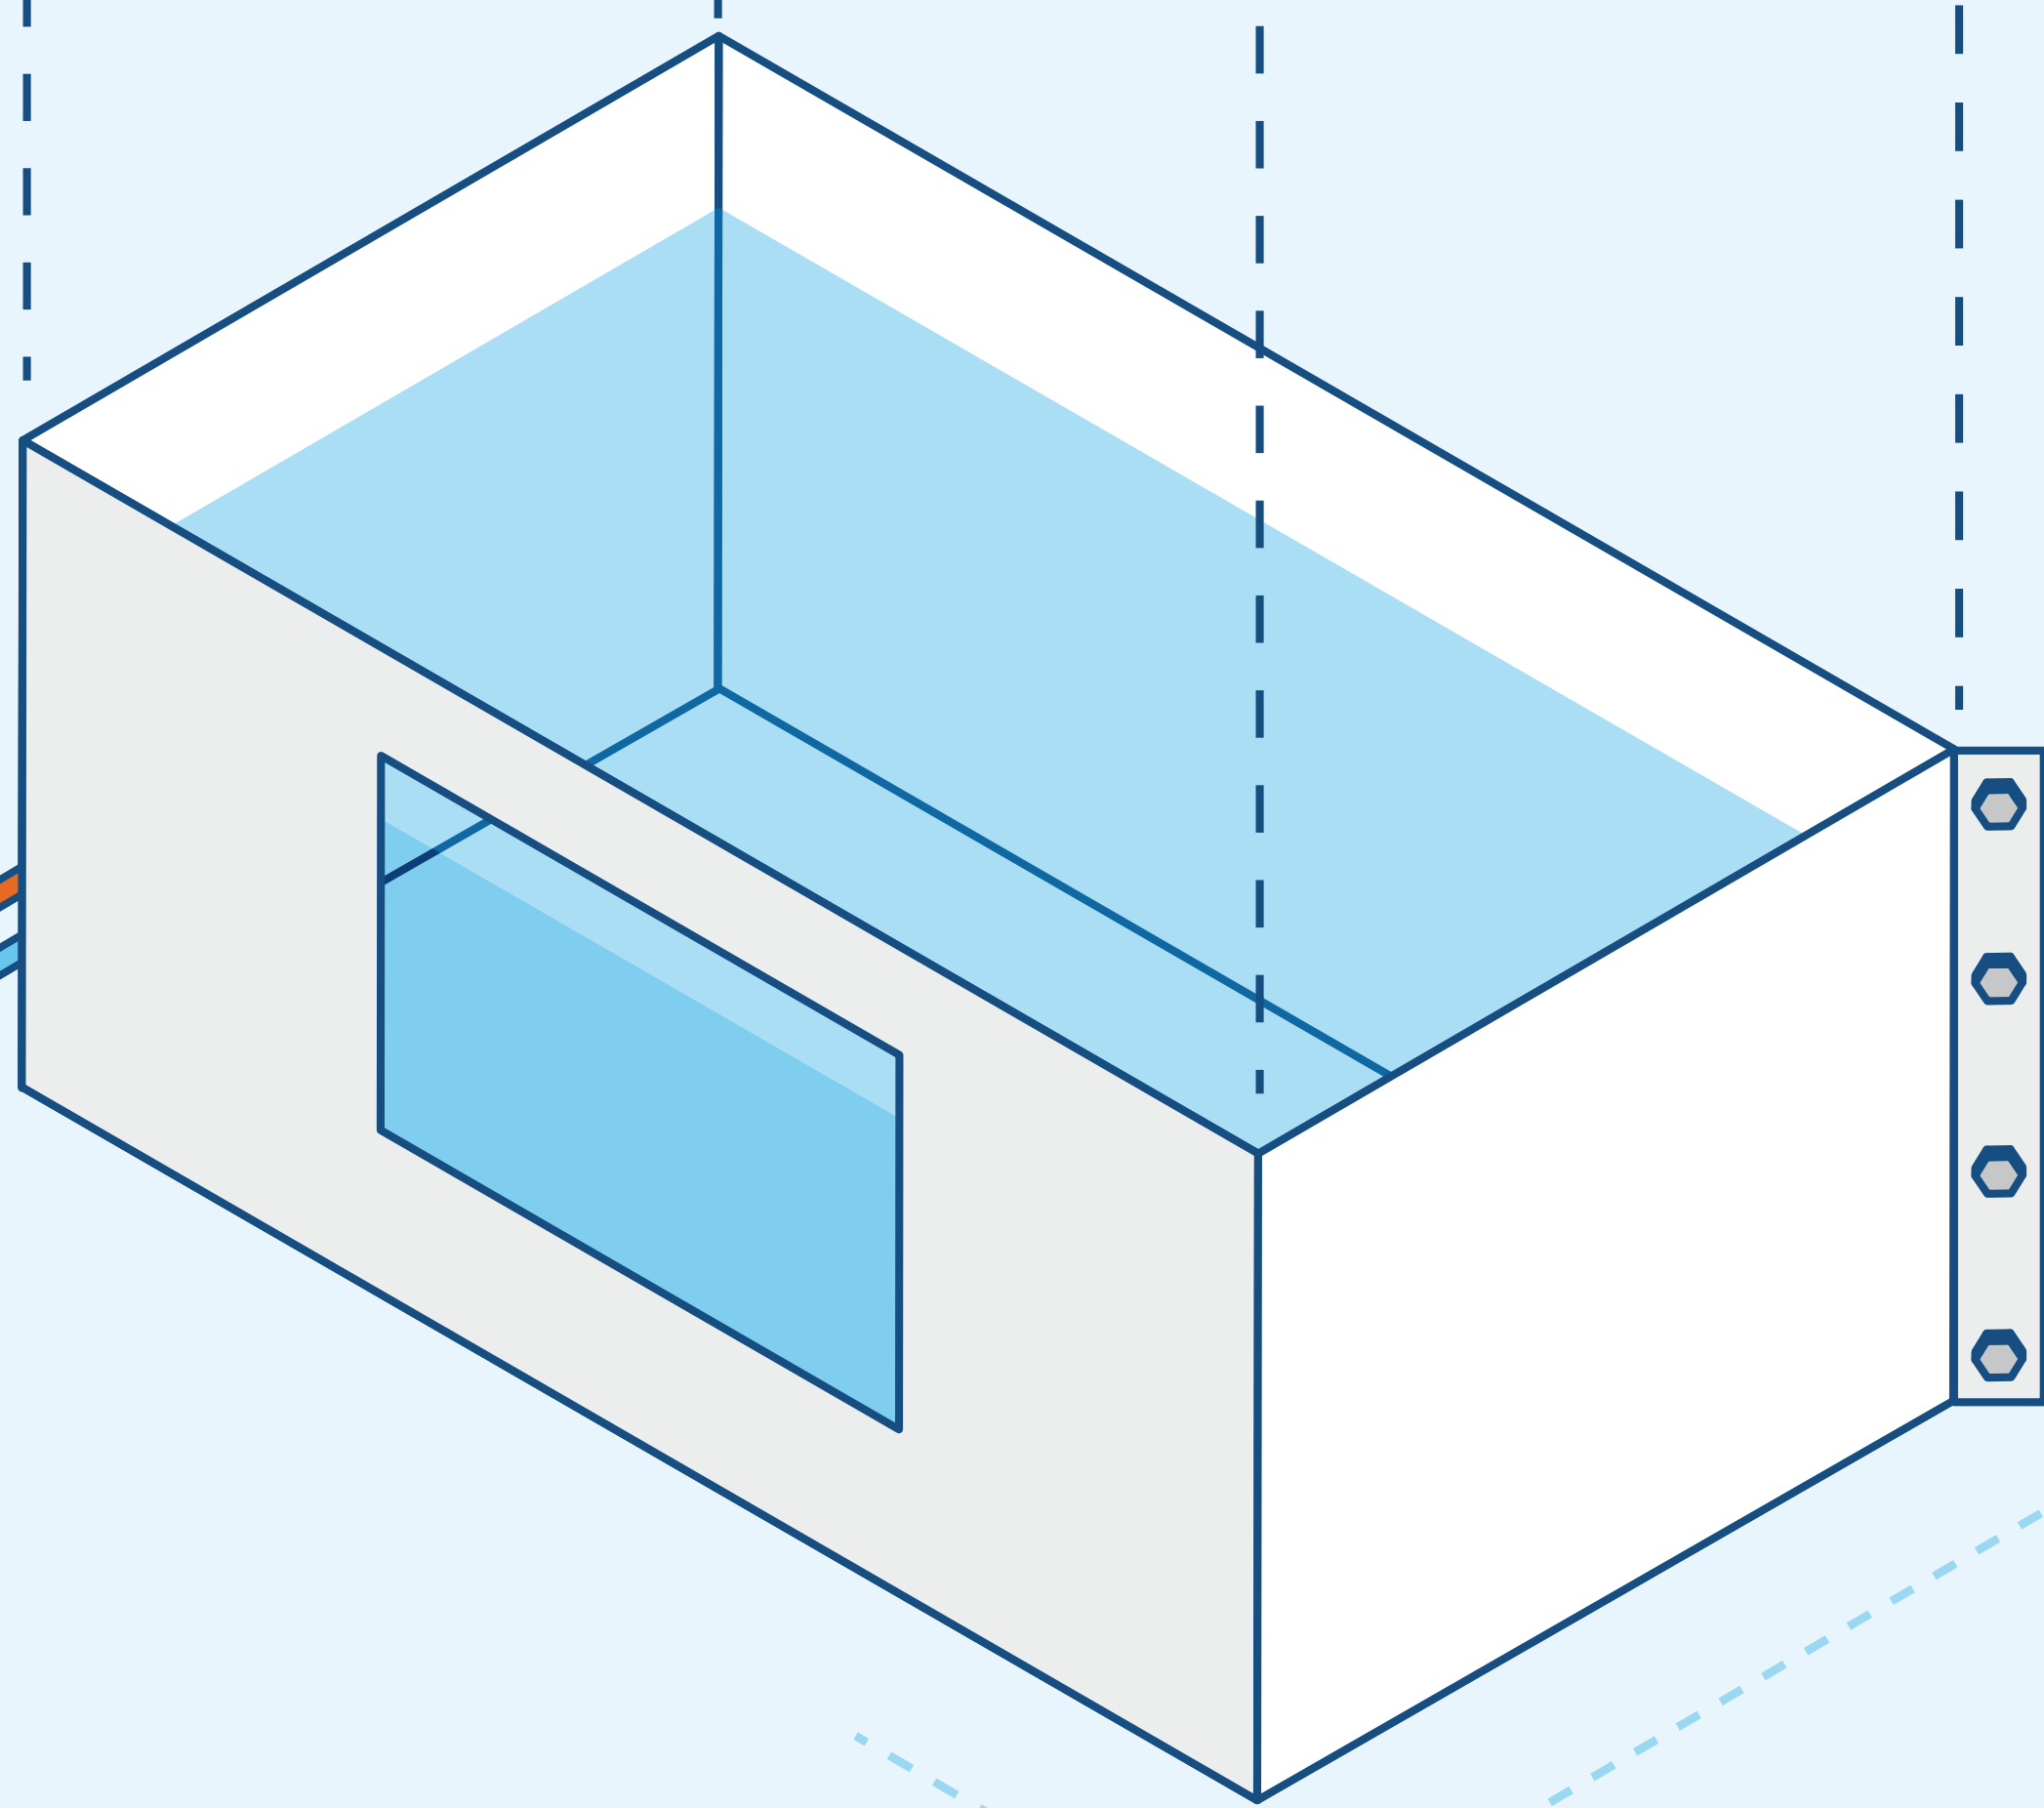

## MINIMUM CONSTRUCTION THICKNESS

A total construction thickness of 30 cm, this is the thinnest movable floor in the market.

## MODULAR POOL

Water treatment

## EASY ASSEMBLY

- No heavy lifting. Parts carried in by hand, fit through normal door.
- Bolted construction. No welding on site.

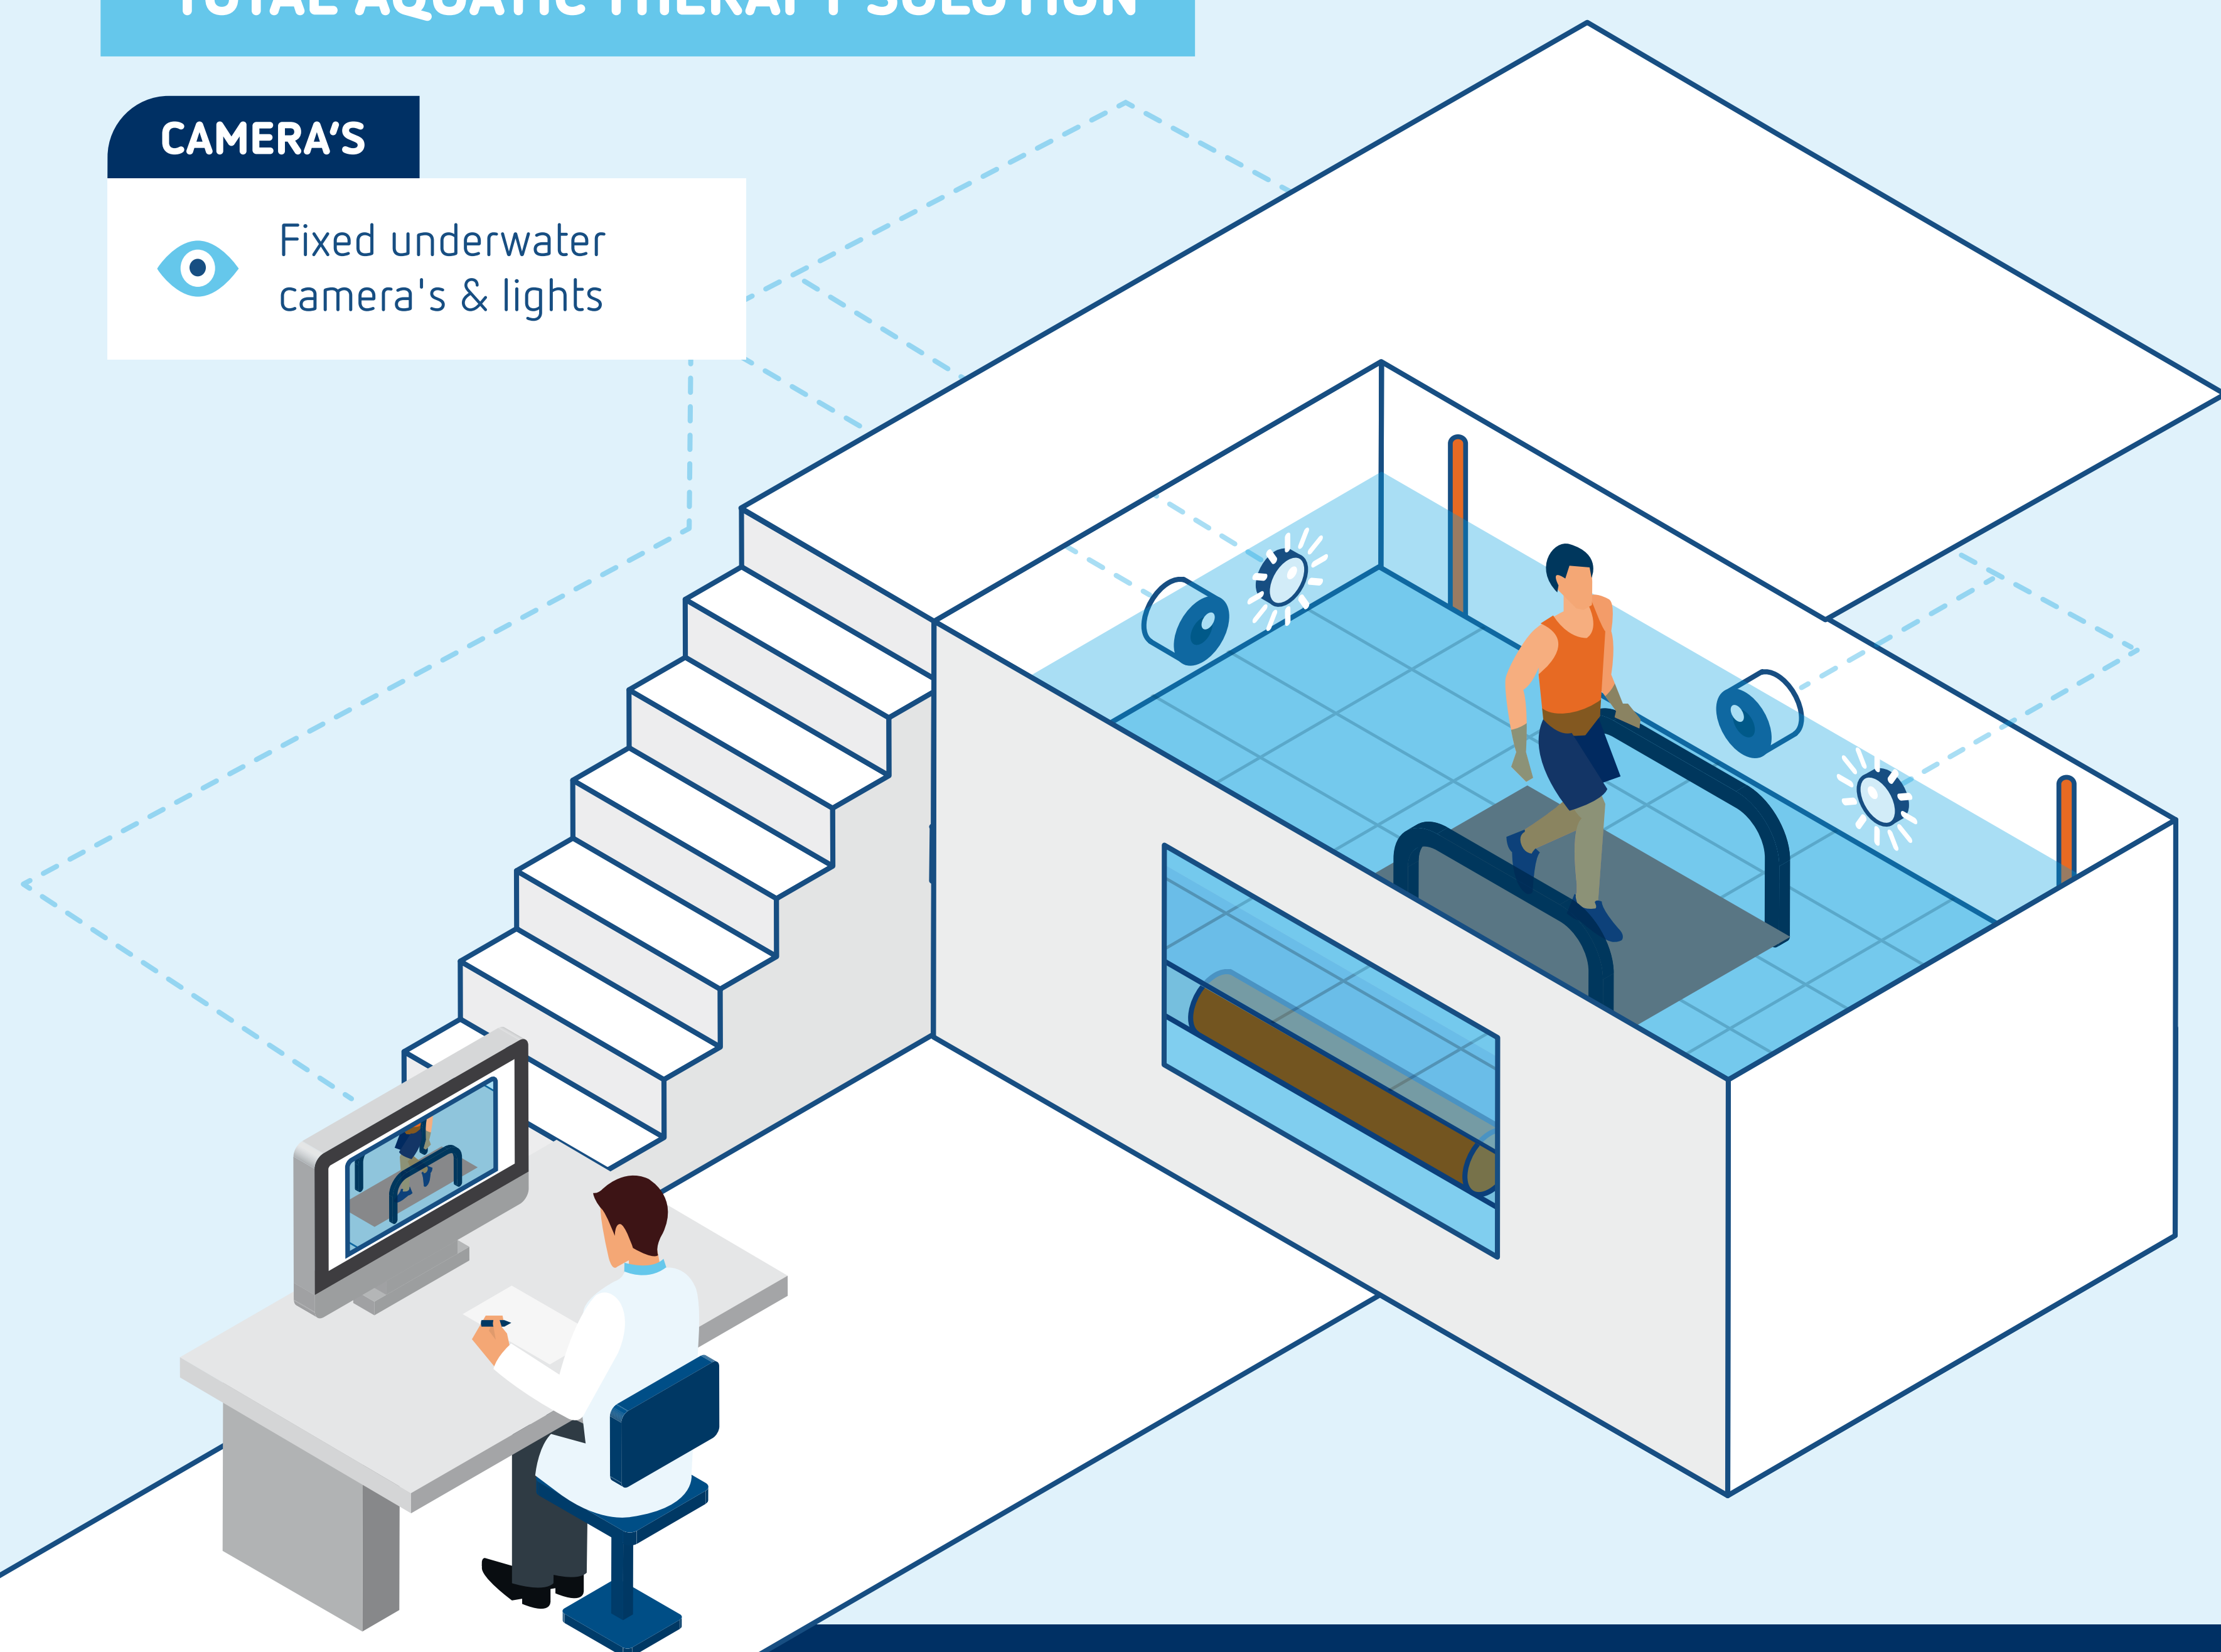

## FULLY MODULAR

All our systems are made to order: any size shape or depth

## TOTAL AQUATIC THERAPY SOLUTION

### CAMERA'S

Fixed underwater camera's & lights

## Additional advantages

- Ready for use in 2 weeks
- Optimal water hygiene
- Single point of contact
- Easy maintenance
- Better than concrete
- No toxic fluids
- 80% recyclable materials
- 25+ years lifespan
- 800+ projects worldwide
